Quality Staff
The quality of a program is dependent upon the caliber of its staff. Our teachers and staff are among the most qualified, enthusiastic and caring in the region.

We offer:
• Low student to teacher ratio
• Fully trained staff, most are certified in pediatric first aid/CPR
• Judaic, art, and early childhood specialists
• Program structure that stresses consistent staff and peer groups
• Culturally diverse student body and staff

The Most Innovative Programs
In a warm, Jewish environment with dedicated and experienced staff, we offer a child-centered early childhood curriculum. All lessons, activities and experiences are planned to heighten your child’s cognitive, physical, social, emotional, and Judaic development.

Our curriculum includes:
• Focus on using children’s natural curiosity through exploration and use of emergent curriculum practices
• Strong Jewish content using “Jewish Everyday”
• Emotional and social development through exploration of self, friends and learning environment
• Gym and swim in some age levels
• Enrichment activities such as Spanish, STEAM, art, dance, sports, swim and basketball are available at an additional cost
• Teachers use NE Early Learning Guidelines to plan meaningful learning experiences and environments for children

An Extraordinary Facility
The Pennie Z. Davis Child Development Center reflects a Judaic environment incorporating traditional symbols, art and culture. The CDC facility utilizes open living spaces using great rooms and large interactive kitchens for children and teachers to enjoy. It’s more than school, it’s your child’s home away from home.

Our facility offers:
• Quiet “sleep rooms” for babies
• Kitchens equipped for children
• Art room
• Large, well-equipped playgrounds
• Access to JCC physical education areas, including the gym, pools and outdoor space
• Intergenerational experiences with the Rose Blumkin Home
• Kripke Jewish Federation Library

NAEYC Accreditation
The Pennie Z. Davis Child Development Center has earned accreditation from the National Association for the Education of Young Children (NAEYC)—the world’s largest organization working on behalf of young children.

NAEYC Accreditation is a rigorous and transformative quality-improvement system that uses a set of 10 research-based standards to collaborate with early education programs to recognize and drive quality-improvement in high-quality early learning environments.

To earn NAEYC Accreditation, the CDC went through an extensive self-study and quality-improvement process, followed by an on-site visit by NAEYC Assessors to verify and ensure that the program met each of the ten program standards, and hundreds of corresponding individual criteria. NAEYC-accredited programs are always prepared for unannounced quality-assurance visits during their accreditation term, which lasts for five years.
